We would like to take this opportunity introduce you to the ways in which our business may be able to assist your organization.

Clutter Cleaners specializes in making people and organizations more productive.

Whether it's through uncluttering or reorganizing space to attain utmost efficiency, or a more comfortable working environment, we can help!

We'll work with you to optimize storage capacity, and/or work with your employees on a one-to-one basis to create unique workspaces designed to promote efficiency.

We provide a variety of other related services, as well, and would welcome the opportunity to discuss how we may serve to meet your needs.

Should your needs be more personal than professional, we offer a number of services designed to make life a little easier.

We've outlined below just some of the tasks we perform for individuals and families, but if you have additional needs don't be afraid to ask.

Our personal services include, but are not limited to:

- **From your front door to your back door and everything in-between**
- **Optimizing home office space**
- **Uncluttering garage storage space**
- **Packing & unpacking**
- **Assisting in relocation**
- **Assisting in garage/estate sales**
- **Works with senior, packrats and hoarders**

We are well qualified to meet your needs, and have many years of experience working in administration for both the public and private sector.

We are bonded and insured. We also offer training on .Getting Organized and on Identity Theft Prevention.

Please contact us if you have any questions.
